Dear Ms. Hess,

I'm writing this letter on behalf of the **SCHOOL** and I. We are excited and privileged to have an opportunity to be a part of NASP. If we are fortunate to have the opportunity to implement this program, our goal is to give every **GRADE LEVEL (identify grades to be taught NASP)** the opportunity to take part. The **SCHOOL** and I commit to implement the NASP curriculum in our physical education course in the upcoming year. Then, in following years, we would like to introduce the sport to other grades, as well. My ideal goal would be to reach several different grades but always the entire GRADE student body. There are **### (TOTAL NUMBER IN STUDENT BODY IN ALL GRADES)** in the **SCHOOL** student body in grades **## (What grades are taught at your school?)**. I hope that this has a positive out-come among students and we can expand with the sport of archery.

Again, we are very excited and anxious to have this tremendous opportunity and look forward to the months to come. Please contact me if you have any further questions. We look forward to hearing from you. Thank you for your time.

Yours in Education,
