A minimum 250 square inches, on head, chest and back combined, visible 360 degrees at all times when moving. May be removed at a stationary calling location, providing a minimum 100 square inches of daylight fluorescent orange material is posted within 15 feet of the location, and is visible from 360 degrees.

MOVING

STATIONARY

Fall Turkey Seasons WMU 2B, ALLEGHENY COUNTY

Hat containing a minimum of 100 square inches of solid fluorescent orange material, visible from 360 degrees at all times when moving. May be removed at stationary calling location.

MOVING

STATIONARY

Fluorescent Orange Requirements

Archery Deer & Bear Seasons DURING FALL TURKEY OVERLAP

When hunting in an area with a concurrent fall turkey season, a hat containing a minimum of 100 square inches of solid fluorescent orange must be worn when moving. The hat may be removed when archer is stationary or on stand.

MOVING

STATIONARY

Archery Deer Season DURING OCTOBER DEER SEASONS OVERLAP

During the overlap with the October Muzzleloader and Special Antlerless Firearms Season a minimum of 250 square inches on head, chest and back combined, visible 360 degrees at all times when moving. May be removed when archer is stationary in a tree or ground stand providing 100 square inches of fluorescent orange material is posted within 15 feet of the location and is visible 360 degrees.

MOVING

STATIONARY

Blinds

A minimum of 100 square inches of fluorescent orange material (orange alert band) must be displayed within 15 feet of a blind and visible in a 360-degree arc during the firearms deer, bear and elk seasons. This is in addition to wearing orange while in the blind. **See turkey section for specifics on blind use while turkey hunting.**

No Orange Required

No fluorescent orange is required when hunting **waterfowl, doves, spring gobblers, crows and furbearers***

None is required during the regular archery deer season, except during overlaps with turkey seasons and the October muzzleloader and special firearms antlerless deer seasons.

Hunters participating in the after-Christmas flintlock muzzleloader or archery deer seasons are not required to wear fluorescent orange (See Special Regulations Areas section for additional information.)

None is required during the archery bear season, except during the overlap with turkey seasons.

A fluorescent orange hat is recommended for spring gobbler hunters while moving.

The required amount of fluorescent orange for each season must be worn while moving from one hour prior to the start of legal hunting hours and for one hour past the closing of legal hunting hours.

* Fluorescent orange is required when hunting coyotes during any big game season, if orange is required during that season, including from one hour before sunrise to one hour after sunset.

CAMOUFLAGE FLUORESCENT ORANGE

Camouflage fluorescent orange may satisfy orange regulations when 250 square inches of safety material is required if the orange content is at least 250 square inches. When a hat containing 100 square inches of orange is specified, the cap must be solid fluorescent orange.
