# SECTION 1

## GENERAL INFORMATION

**A. *HuntFishPA* or PALS (Pennsylvania Automated License System) & the 2023-24 License Year:** 2023-24 licenses will be on sale **Monday, June 26<sup>th</sup>**.

**License Years available:** When initiating a sale through *HuntFishPA* from June 26<sup>th</sup> through June 30<sup>th</sup>, the system includes two license years; 2022-23 & 2023-24. The 2023-24 licenses are for the **new license year; privileges are valid July 1, 2023, through June 30, 2024**. Few hunters will want the current/active 22/23 license year in June.

**B. DMAP Permits** will be available August 14, same day as Round 3 of the antlerless deer lottery. All units should be loaded and available for sales.

**C. Printer maintenance is critical to avoiding printing problems.** Before reporting printer problems, be sure to clean roller inside printer w/alcohol cleaning wipe or card. If the print fades or is light gray, your printer may not be configured properly. If issues continue, report to the Customer Support line.

**D. Shooting Range Permit:** This permit is now valid for 365 days from the date of purchase. Change occurred in mid-April 2023. Please post new poster included with the shipment of supplies.

**E. 2023-24 Hunter & Trapper Digest & Supplies and how to order:** The Hunting & Trapping Digest was shipped from the printer prior to this supply shipment. Additional supplies should be ordered through the *HuntFishPA* Agent Corner. See page 25 for details.

If you have not received your Digest shipment, please contact the License Division as soon as possible by email to [pgcagents@pa.gov](mailto:pgcagents@pa.gov) or by phone to 717-787-2084.

**PLEASE REMOVE 2022/23 HUNTER & TRAPPER DIGEST FROM SALES AREA.**

**F. Hunter Trapper Education Course (HTE):** All first-time hunter/trapper license customers in *HuntFishPA* must provide validation to agent in the form of a “yes” or “no” when asked the question. PGC doesn’t require proof to be shown to agent but does require the question to be asked by agent for every first-time hunting license purchase in *HuntFishPA*.

This education course is a legal requirement for PA hunting and furtaking; clerk initials are required to be entered to confirm question was asked and answered.

Exceptions to this law: 1) hunting in other states or nations and, 2) military service within 6 months of application for hunting license.

**G. Privilege Revisions/Additions for the 2023-2024 License Year:**

There are two new privileges available at all issuing agent locations for this license year:

- No Pink Envelopes, No Antlerless Applications will print
- Resident and Nonresident Antlerless Deer licenses (see page 17 or PGC website for details)
- Agriculture Deer Permit (see page 17 or PGC website for details)

## H. All Combination Licenses:

- Includes Hunting, furtaking, muzzleloader and archery privileges;
- This license does not include any additional hunt/fur privileges with the exception of certain Sr. Life licenses. Additional species hunt/furtaking privileges must be purchased in addition to a general hunt, furtaker or combination license.

## I. Resident Lifetime license holders (Senior and DV) must apply for a free renewal every license year. Be sure to select “Renewal” for these privileges.

Valid harvest tags for the new license year will be issued w/renewal. Senior Lifetime license holders who purchased prior to May 13, 2017, have pheasant hunting privilege included at no additional cost. The second panel of the license will note “Pheasant Eligible” for Sr. Lifetime hunters who do not require an additional purchase to hunt pheasant.

## J. Resident Licenses Issued to Nonresidents: Please verify residency and select the correct residency criteria at the beginning of the sales process to access the appropriate privileges. Please see page 21 for residency requirements. If you are in doubt, call PGC’s License Division during normal business hours for assistance.

## K. Customers without Social Security Number: SSN requirements remain mandatory for recreational licenses in Pennsylvania. If a customer applies for the first time to hunt in Pennsylvania, SSN is required. Hunter must call the Customer Support line or PGC License Division for Customer Identification number creation. Phone number can be found at the beginning of this manual.

## L. Responsibility of Agents: All agents (owners and employees) involved with issuing licenses are responsible to:

- Verify applicant residency;
- Verify applicant military credentials (if applicable);
- Enter correct applicant information. Entering incorrect information is fraud;

## **G. Antlerless Deer Licenses, General Information & Requirements:**

**Most Antlerless Deer licenses are available at all issuing agent locations.** See page 29 for information on Armed Forces, Disabled Veteran and Landowner Antlerless licenses.

PERSONAL LIMIT = Every hunter has the same personal limit; one antlerless deer license per round in the first three rounds. In round 4, a hunter is eligible for up to of six antlerless deer licenses total. The system tracks personal limits and will prevent a sale if hunter has reached that limit.

**Program process:**

→ Pennsylvania is separated into 22 Wildlife Management Units (WMUs) available for antlerless deer licenses;

→ Each WMU is allocated a certain number of antlerless deer licenses for sale every year;

→ Every licensed hunter has a “personal limit” for antlerless deer licenses in the license year;

→ Mentored permit holders have a “personal limit” of **one** antlerless license in the license year;

→ HuntFishPA monitors “personal limits” and allocations – pop-up box messages will note when “personal limit” is reached, or allocation is sold out for that WMU;

→ As hunters report harvests they can continue to purchase antlerless deer licenses until all WMUs are sold out or the season concludes;

→ PA Map link in Huntfish.PA shows WMU allocation of licenses in real-time for licenses available.

### **Sales process:**

- “First come, first served” sales process;
- Antlerless licenses are sold in 4 rounds for fair and equitable distribution;
- Agent must enter the WMU hunter chooses (with a secondary choice if the first WMU is sold out);
- Licensed hunters can purchase one antlerless deer license in each round thru rounds 1 thru 3;
- In round 4, hunters can buy three more licenses or hold up to six active antlerless deer licenses total;
- If a WMU sells out of licenses available for that unit you will receive an error with that message;
- If a hunter has already reached their “personal limit” for that round you will receive an error with that message;
- **Please double-check with customer the WMU is correct prior to completing sale.**

As hunters report successful harvest in HuntFish.PA they can purchase additional antlerless license until all antlerless deer licenses are sold or season ends, whichever comes first.

  - If applicant satisfactorily provides information either orally or with some form of documentation, or a combination of both, the applicant may be issued a resident license.

**A prior year's license is not proof of residency. If you doubt an applicant's PA residency, do not issue a resident license.**

If you need help with a specific case, call the License Division (717-787-2084) or your local PGC Regional Office (Digest or the PGC website includes telephone number).

## K. Students from Other States or Nations:

Students from other states or nations who attend college in Pennsylvania **are not** considered residents for the purpose of purchasing a resident license, unless they establish and maintain their permanent residence in Pennsylvania. (Refer to page 15, Residents of Pennsylvania)

## **N. HuntFishPA License Issuance & Customer Identification:**

Customers already in HuntFishPA: If an applicant has already purchased or renewed a hunting or fishing license through *HuntFishPA*, they were assigned a 9-digit Customer Identification number (CID). This number also printed on their license. *HuntFishPA* will utilize that same CID.

- The *HuntFishPA* scanner can be used to look up profile from a Driver's License;
- Confirm address and residency of applicant;
- If applicant knows their CID, agents can use the applicant's CID number for profile look up, but agent **MUST** confirm residency of applicant.

Do not recreate profiles for applicants who already have a profile. Creating another profile may cause problems for hunter and agent.

First-time HuntFishPA license buyers: If an applicant has never purchased or renewed a hunting or fishing license through *HuntFishPA*:

- **For residents:** scan the customer's PA Driver's License or non-DL identification card from PennDOT; most information will be populated;
- Confirm address and residency of applicant;
- **For nonresidents:** nonresident Driver's Licenses may not be recognized by the scanner, all information may have to be manually entered;
- Complete all "required" information fields;
- Residents and nonresidents will have to provide their SSN, by law, for a hunting license. Allow them to use the *HuntFishPA* keypad;
- If the applicant does not have an SSN, please contact Customer Service @ 1-800-838-4431 for profile creation.

### Purchasing a license for someone else:

- It is legal for someone to apply for and purchase a general hunting or furtaker license on behalf of someone else;
- Purchaser must provide confirmation of residency for a resident license;
- When the licensee signs their license & takes the privileges afield, they certify the correctness of all information presented.

### Collection of Social Security Numbers:

- FOR FIRST TIME APPLICANTS IN PENNSYLVANIA. If a hunter indicates they have hunted or fished in Pennsylvania since 2009 they likely have a current profile;
- Is required by law: Act 1997-58 signed into state law in December of 1997 (federal law prior to December 1997);
- Mandatory for all recreational licenses issued in Pennsylvania including hunting and furtaker;
- To improve enforcement of child support obligations;
- Applicants do not have to show their Social Security card;
