State Game Lands No. 91, consists of 21,137 acres, located in Lackawanna and Luzerne Counties. Topography consists of gently undulating upland terrain with dry slopes and swampy, poorly drained depressions and is mostly forested. The most popular hunting pursuits are for whitetail deer, black bear, ruffed grouse, squirrel and wild turkey. Trappers pursue primarily raccoon, coyote, and beaver. Small game hunting, except for squirrel and grouse is very limited.

State Game Lands now totaling more than 1.5 million acres are purchased, managed and maintained primarily for outdoor recreation in the form of sport-hunting.

While portions of sportsmen’s license fees and taxes on sporting arms and ammunition have made the acquisition and development of these lands possible, other users are welcome. Recreation such as boating, fishing, hiking birdwatching, and nature study is encouraged.

The Game Commission is concerned with protecting and perpetuations non-game wildlife species, along with managing for an annual harvest of all game species. While sport hunting, embracing the elements of fair chase, is the ultimate goal in wildlife management, other benefits have enhanced the quality of life for all who enjoy the out-of-doors.

For benefit of all users, please respect posted rules and regulations. Entry upon posted wildlife refuges and propagation areas is prohibited. Motorized vehicles are prohibited on gated roads and trails; snowmobiles executed where so-designated and posted.

For current conservation-sport hunting information, read the Pennsylvania Game News and visit the Pennsylvania Game Commission’s home page http://www.pgc.state.pa.us or write to the Pennsylvania Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.
