State Game Lands No. 124, consists of 6,835 acres, located on the border between Franklin and Fulton Counties along the summits of Tuscarora and Dickeys Mountains north of the Mason and Dixon line. The terrain is rugged and mountainous and heavily forested. Primary game species are deer, squirrel, turkey, and grouse.

State Game Lands now totaling more than 1.5 million acres are purchased, managed and maintained primarily for outdoor recreation in the form of sport-hunting.

While portions of sportsmen’s license fees and taxes on sporting arms and ammunition have made the acquisition and development of these lands possible, other users are welcome. Recreation such as boating, fishing, hiking, birdwatching, and nature study is encouraged.

The Game Commission is concerned with protecting and perpetuations non-game wildlife species, along with managing for an annual harvest of all game species. While sport hunting, embracing the elements of fair chase, is the ultimate goal in wildlife management, other benefits have enhanced the quality of life for all who enjoy the out-of-doors.

For benefit of all users, please respect posted rules and regulations. Entry upon posted wildlife refuges and propagation areas is prohibited. Motorized vehicles are prohibited on gated roads and trails; snowmobiles executed where so designated and posted.
