

PENNSYLVANIA GAME COMMISSION
DEER MANAGEMENT ASSISTANCE PROGRAM (DMAP)

GENERAL APPLICATION INFORMATION

The Deer Management Assistance Program (DMAP) is one of the Pennsylvania Game Commission's Landowner Programs. The program provides an additional means for landowners to manage deer to meet their land-use goals by providing coupons to purchase antlerless deer harvest permits specific to a property and outside of the larger Wildlife Management Unit (WMU) context. The standard rate is one coupon for every five acres of cultivated land, or one coupon for every 50 acres of non-cultivated land; however, applicants may request more than the standard rate or apply with fewer than 5 acres of cultivated land or 50 acres of non-cultivated, by answering additional questions in the application.

ELIGIBILITY:

Owners or lessees of private land, hunting clubs or authorized officers or employees of political subdivisions or government agencies are eligible to apply.

General Application Information:

1. *Applications or renewals must be postmarked or submitted online before **July 1st**.*
2. *For an application to be complete, a signature is required.*
3. Separate applications for DMAP areas will not be accepted for areas that are within 1 air mile of another area that is owned, leased, or controlled by the same person, political subdivision, or government agency without an approved deer management plan.

Coupon Distribution: With the Game Commission’s electronic licensing system, DMAP coupons are now redeemed at any license issuing agent. This system gives landowners another option for distributing coupons to hunters.

- The first option is, **“Yes, I want to distribute coupons directly to hunters that I choose.”** With this option, the landowner will receive the coupons and distribute them to the hunters. The hunters will then take coupon to any license issuing agent or the PGC website to get their permit.
- The second option is, **“No, any hunter can get a permit to hunt my property through the electronic licensing system without a coupon.”** With this option, no coupons will be sent to the landowner. Any hunter will be able to go to any license issuing agent or the PGC website to get a DMAP permit. If you choose this second option, you should complete page 6 of the application so DMAP information can be made available to the public on the Game Commission’s website.
