

ABC Keystone Login Instructions

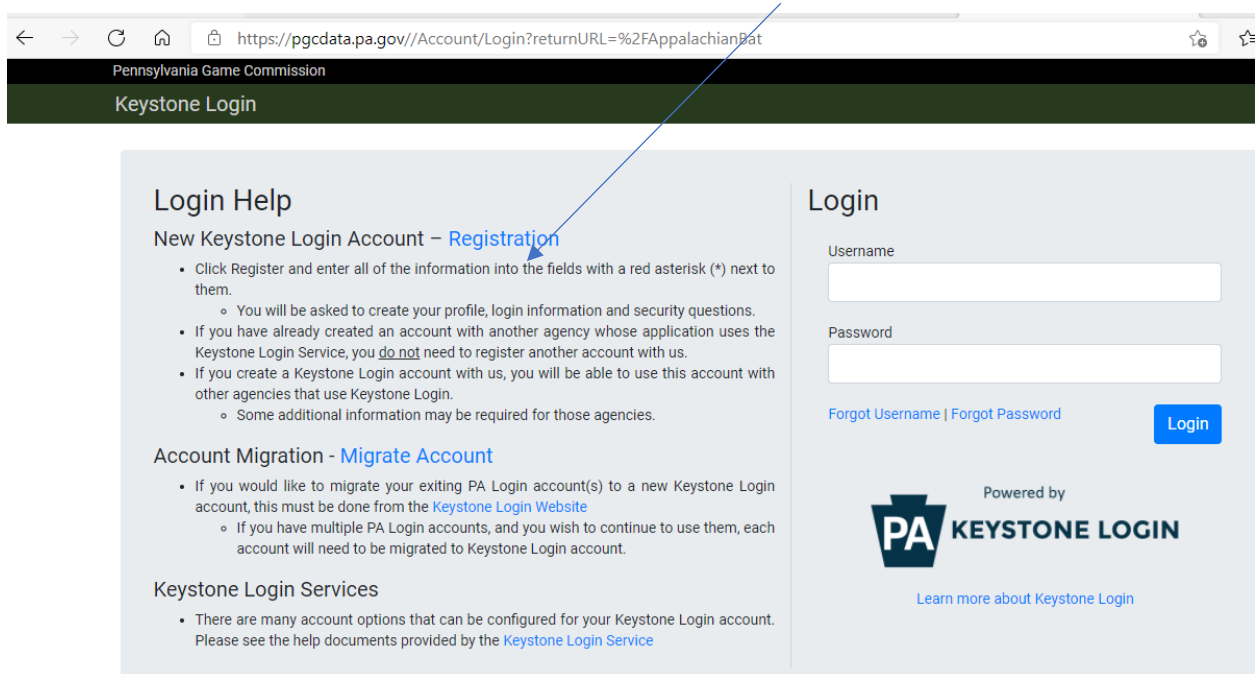

Step 1: Access the Appalachian Bat data portal

Navigate to the Appalachian Bat Login page using the URL below:

<https://pgcdata.pa.gov/AppalachianBat>

If you have never registered for a Keystone Login Account, you will need to create a new account. Registering for a new account takes only a few moments. If you already have an account, skip to **Step 3**.

To create an account, click on the Registration link. Follow the instructions provided on the account registration page.

NOTE: You may receive a confirmation email from Keystone Login after creating your account containing a link to the Keystone Login webpage. This link WILL NOT take you to the Appalachian Bat site. You must always use the URL at the top of this page to access Appalachian Bat.

Step 2: Associate your Surveyor Profile

After creating your account and logging in, you will need to associate your Keystone Login with the profile we have created for you in the Appalachian Bat database. Enter your last name and zip code to associate your profile. If you are unable to associate your profile, contact Amber Nolder, ABC coordinator, for assistance (717-787-4250, extension 73410).

The association step is only required on your first visit to the Appalachian Bat data portal. Once your login has been associated with your surveyor profile, you will be automatically directed to your home screen.

Associate your Surveyor Profile

As part of this one time setup, please enter the required details below to associate your Keystone Login information with the Surveyor profile information on file. Please reach out to 717-787-4250 Ext. 73410 if you need assistance.
