PROPOSED RULE MAKING

I. Amend 58 Pa. Code § 131.2.

Commentary:

As the nature of its name implies, a muzzleloading firearm is by definition a firearm designed have its loose ammunition components loaded from the In this instance, the ammunition components refer to the combination of the loose or pelletized black powder or black powder substitute and the projectile or projectiles. Recent developments in the firearms industry have generated muzzleloading firearms that can accommodate the loading of a captured powder charge similar to a cartridge, casing or shell that is loaded from the breech, with the projectile or projectiles remaining to be loaded from the muzzle. Current regulations specifically prohibit muzzleloaders that accept cartridge ammunition. However, this restriction was originally intended to restrict modern firearms that are loaded by a cartridge or casing that contains both the powder and the projectile. The Commission does not intend or desire for this restriction to apply to the above described muzzleloaders. The Commission is proposing to amend § 131.2 (relating to definitions) to provide clarity that muzzleloading firearms that allow a cartridge of loose or pelletized black powder or black powder substitute to be loaded from the breech, while the projectile remains loaded from the muzzle are lawful for use as a muzzleloading firearm.

CHAPTER 131. PRELIMINARY PROVISIONS

§ 131.2. Definitions.

In addition to the definitions contained in section 102 of the act (relating to definitions), the following words and terms, when used in this part or in the act, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

- (i) A firearm designed and manufactured to be loaded with loose ammunition components (projectile and propellant charge) from the muzzle or forward, open end of the firearm's barrel.
- (ii) The term includes <u>full or partial</u> breech-loading rifles and handguns that fire loose ammunition components comparable to a muzzleloading firearm.
- (iii) The term does not authorize a firearm that accepts cartridge ammunition that contains both the projectile and propellant charge.

BUREAU OF WILDLIFE HABITAT MANAGEMENT

ADOPTED RULE MAKING

Amend 58 Pa. Code §§ 131.2, 135.2 and 135.41. A.

Commentary:

To effectively manage the wildlife resources of this Commonwealth, the Commission, at its January 25, 2020 meeting, proposed to amend §§ 131.2, 135.2 and 135.41 to define and allow use of Class I & Class II e-bikes on State game lands in the same manner as traditional bicycles. It is important to note that these amendments do not eliminate current statutory restrictions prohibiting the possession of loaded firearms in, on or against vehicles

propelled by mechanical power under section 2503 of the act.

PROPOSED RULE MAKING

B. Amend 58 Pa. Code § 135.41.

Commentary:

On February 25, 2019, the Act of November 27, 2019 (P.L. 739, No. 107. § 4) became effective. Among other things, the final legislation amended the § 2303 to allow the Commission to authorize three designated days of hunting on Sunday in addition to existing authorizations. All three of the Sunday dates selected by the Commission fall within the date range found in § 135.41(c)(21), which requires persons entering State game lands that are not hunting or trapping to wear fluorescent orange colored material for their safety during the overlapping big game seasons. Entries on Sunday have previously been exempted from the requirement since no big game hunting typically occurred on these days. With the passage of Act 107 this will no longer be the case. The Commission is proposing to amend § 135.41 (relating to State game lands) to eliminate the Sunday exemption from the fluorescent orange wearing requirement.

CHAPTER 135. LANDS AND BUILDINGS

E. Exchange

Contract No. L-3765, State Game Land No. 46/State Game Land No. 156, Lancaster County and Auxiliary Administration Office Building, Huntingdon County

Commentary:

Ken and Christa Boone of Alabaster House are offering to participate in an exchange of 392.3+/- acres of land in Elizabeth Township, Lancaster County, adjoining and connecting State Game Land Nos. 46 and 156 (Exhibit RED 4) for 9.36+/- acres in Brady Township, Huntingdon County (Exhibit RED 5). The 9.36+/- acre property was acquired from the Huntingdon Area School District in April 2014 with the intent of renovating the existing vacant 27,000 square feet Brady Henderson Elementary School into future office space for the Commission's Southcentral Region Office (SCRO). After reevaluation and careful consideration, the Commission has determined not to relocate the SCRO to the Brady Henderson Elementary School site.

Based on an appraisal of the 9.36+/- acre property, Alabaster House will provide \$200,000 towards the acquisition of the 392.3+/- acres. Commission will provide an additional \$241,679 lump sum to be paid with other cost sharing funds from third party commitments for compensation of habitat and recreational losses which occurred on State Game Lands from previously approved projects. The acquisition of the 392.3+/- acres of land is made possible through the efforts of Natural Lands Trust, Inc. who was successful in receiving supplementary funding through partnership grants provided by the Pennsylvania Department of Conservation and Natural Resources and the U.S. Fish and Wildlife Service through the Highlands Conservation Act. Covenants, conditions, and restrictions associated with these funding sources will be required to accept the property. Access is from PA Route 501. Staff has determined the portion of the 392.3+/- acres to be conveyed to the Commission by Alabaster House is of equal value to the land to be conveyed to Alabaster House and that the proposed exchange is in the best interests of the Commission.
